

## THE JEWISH SPRING

*The harder the spring is pushed down,  
the harder the spring will push back up.*

The percentage of Jewish people in relation to the population of the planet is minuscule. Likewise, the percentage of Jewish people in relation to the total population of the Muslim countries in the Middle East and North Africa is minuscule. The land mass occupied by the State of Israel, both before and after the Six Day War in 1967, is minuscule in relation to the combined land mass occupied by the Muslim countries in the Middle East and North Africa.

Why is it then that all countries in the area are entitled to exist and protect their people except tiny, little Israel and its people? Why is it that Israel and the Jewish People are blamed for every mishap, misfortune and tragedy everywhere in the world?

The answer is rooted in **hatred** and **the spring**. The more the Jewish People and its country are attacked by force, false propaganda and boycott, the more the country and its people rise above and succeed in every way, even in ways that were thought to be impossible hitherto. And the more this happens, the greater the hatred becomes, and the greater the impetus for destruction, eradication and elimination grows.

How sad this is! There is plenty of room for all of us to live in peace, and to learn and develop together. Innocent lives are lost every day in the name of religious hatred in general and hatred of Jews in particular.

It is my fervent belief that some form of God and/or Godly Power created the Universe, with the myriads of living things that reside therein. Let us express our praise and gratitude to God by doing one thing, and one thing **ONLY**, and that is to show regard and respect, care and concern for everyone and everything that God created.

What a beautiful array of creatures there is! Let us all enjoy Creation to its fullest. Then and **ONLY THEN**, will God be happy and proud of us.
